

## CLAVE HOZE™ LS-4

CLAVE HOZE™ LS-4 is a continuous, flexible, corrugated stainless steel hose stabilized for service temperatures in excess of 900°F.

This product is specifically designed for use in hydroclave environments. Since it is not a wire wrapped hydraulic hose, no broken wires or other sharp protrusions are present to snag vacuum bags or to pose safety issue to personnel. Threaded stainless steel fittings are welded to each end.

### GENERAL DATA
