- Changeable and replaceable blades
- Safe and easy to operate
- Rechargeable battery with holder
- Cuts non-wovens , film, foil and fiber mat with ease

**Kit Part Number**  
170132

**Spares Part Number**  
170129 – Standard Blade Set • 170134 – Blade Set with Shoe  
170128 – Rechargeable Battery • 170131 – Battery Charger  
170127 – AC Adapter • 170133 – 110V Transformer

### QUOTATIONS FROM A CUSTOMER EVALUATION VERSUS MANUAL SCISSORS:

*“... 11,500 in-and-out movements (using manual scissors) per week per person. The battery scissors should reduce that figure to just a few cutting motions per week per person.”*

*“...operators could cut through ... an average of 36% faster using the electric scissors.”*

*“The use of the (electric) scissors eliminates repetition (hand movements), decreases muscle fatigue, minimizes contact stress on fingers and reduces awkward wrist postures.”*

*“One of the most important ‘wins’ is that the employees like the electric scissors and will use them.”*
