

COMPOSITE SHEARS

TMI - 225

The TMI-225 Composite Shears are ideal for hard-to-cut aramid, graphite, carbon and fiberglass fabrics used in the reinforced composites industry today. The steel blades grip dry fabrics and prepregs allowing easy precision cutting and trimming.

KEY FEATURES

- Low cost
- 4.25 ounces overall weight
- 2.25 inch spring loaded steel blade
- 7.5 inch overall length
- Plastic handles inert to most shop solvents
- Thumb activated safety lock
- Resharpenable
